Hand the thinking back

From the training session “Hand the Thinking Back: Talk Moves for the AI Era”

FOUR TALK MOVES

- Ask for reasoning: “How did you get that?”
- Revoice: “So you’re saying… Did I get that right?”
- Wait: count to five after you ask.
- Press for more: “Say more about that.”

STUDENT-FIRST ROUTINE

1. Student tries first, out loud.
2. Ask one question about where they got stuck.
3. Student explains the setup.
4. Give the smallest hint that works.
5. Student does the next one. You stay quiet.

TALK BALANCE TALLY

Every 30 seconds, mark who’s talking.

Minute	Tutor	Student
0 to 5		
5 to 10		
10 to 15		
15 to 20		

Goal: the student column wins.
